SiriusXM reserves the right to modify or terminate this offer at any time. See a sales associate for additional information.

Sizable hardware margins and install profits on every radio you sell.

WHAT'S PROFITABLE ABOUT SIRIUSXM?

- 1. Accessory Add-on Opportunity:** Sell and install Satellite Radios as an add-on accessory in NON-FACTORY EQUIPPED SATELLITE RADIO VEHICLES. Ideal for dealerships with larger inventory of older vehicles.
- 2. Increased Market Penetration:** With the new hardware and promotions, you can now target a significantly larger population of pre-owned vehicles with aftermarket solutions.
- 3. Profitability:**
 - Hardware Margins: All solutions offer sizable hardware margins (See Voxx Electronics Representative for Pricing).
 - Installation: All solutions require standard (or custom) installation that allow increased package margins.
- 4. Differentiated Offers:** 3 MONTHS FREE—No obligation. No credit card required. Only offered by SiriusXM through this Aftermarket Dealer channel.

What Moves You?

No matter what gets you head-bobbin', wheel-thumpin' or toe-tappin', you'll find it on SiriusXM. Check out just a few of our favorites below:

With an All Access trial, your customers are in for the ultimate entertainment experience, both in and out of the car. Here are just a few reasons why:

WHAT'S BETTER ABOUT SIRIUSXM?

So Much More

- **Variety:** Over 150 channels including commercial-free music, plus play-by-play sports, news, talk, and comedy—you'll find the perfect mix that's right for you!
- Just about **every kind of music** that's out there, including the stuff that's hard to find.
- **Music experts**—not computer algorithms—program the tunes.
- **Artist-dedicated channels** from some of the biggest legends in music.
- Exclusive, once-in-a-lifetime, **subscriber-only events** that put you up close & personal with the biggest names and the brightest stars.

So Much Easier and More Convenient

- **Easy to use:** All it takes is a push of a button to listen in your car.
- **Listen anywhere:** Streaming is also included in the All Access Trial, so you can listen online or on the app.
- **Coast-to-coast coverage:** Satellite Radio will keep playing music, entertainment and sports no matter where you drive.
- Access to hundreds of **On Demand** shows so you can listen on your schedule.
- **Customize many of your music and comedy channels** so you hear more of what you love.

Commander Touch Installation Template

Model #: SXVCTIT

Below are two templates provided for installing the Commander Touch Display Controller.

1. **Flush Mount Template** - Use when installing the Display Controller when utilizing the included Flush Mount. Review the additional instructions on the next page for installing the Flush Mount before cutting the opening.
2. **Surface Mount Template** - Use when Surface Mounting the Display Controller.

Commander Touch Installation Template

Model #: SXVCTIT

Installing the Commander Touch Display Controller Using the Flush Mount

- A.** Locate a suitable place in your dash or center console for installing the Flush Mount. The Flush Mount requires an opening of 48mm high x 110mm wide, and an approximate clearance behind the dashboard or console of 25mm depth to accommodate the Mounting Brackets. Avoid any location which will block or interfere with an airbag, or a location which interferes with the safe operation of the vehicle.
- B.** Place the template on the area selected and carefully cut the opening, following the outline on the template.
- C.** Once the opening has been cut, remove the template and place the Flush Mount in the opening. The Flush Mount is asymmetrical so the top/bottom orientation is not important.
- D.** Bend each of the two Mounting Brackets into a U shape.
- E.** Attach the Mounting Brackets to the rear of the Flush Mount, using the provided 4 screws. Position the legs of the Mounting Brackets against the inside of the dash or console surface and tighten the screws. Note that you may need to bend or cut the ends of the mounting brackets depending on the specific application.
- F.** Once the Flush Mount is secured in place, insert the Commander Touch Display Controller into the Flush Mount. First, route the cable from the left side of the Display Controller into the opening at the bottom left of the Flush Mount, and then gently press the Display Controller into the Flush Mount, left side first and then the right side. It will snap into place.
- G.** Route the cable from the Display Controller to the place behind the dash or center console where you plan to install the Tuner Module.

SATSTREAMER Bluetooth Audio Integration Kit

MODEL #: SATSTREAMER

- Kit Includes**
- Interface module (SATSTREAMER)
 - Setup button
 - Power harness

PLEASE NOTE: That both the SATSTREAMER and SXV300 need to be purchased to complete the solution

Application
